

THE FIRST COMPLETELY STAINLESS STEEL SWIVEL & SNAP SWIVEL

The first of their kind. While other companies use stainless rings with brass barrels, Sea Striker was the first company to offer an ALL stainless steel swivel and snap swivel. The all stainless steel swivel construction has a nickel black finish. Super strong breaking strength in a compact size - more than 3x stronger than standard swivels.

Bill Fisher® swivels are available in eight compact sizes from 70 lb test
